

Plants for Pollinators

LLPOA Lake Committee - 2023

Plants for Pollinators

If you include flowering plants in your Buffer Strips and rain gardens that also help pollinator species, like the monarch butterfly and bees, you can increase the benefits tremendously.

Monarch Butterfly Plants	Mason Bee Plants (solitary)	Leafcutter Bee (solitary)
Butterfly Weed Milkweed Common Milkweed Butterfly Bush Goldenrod Purple Coneflower	Black-Eyed Susan Lavender Jacob's Ladder Forget Me Nots	Clover Lilac Roses Redbud tree Hostas

Solitary bee house
